# Monthly Reading Goals

## DIRECTIONS:

Use this 3-month printable to help you set goals and keep yourself organized and on-task so you can read all the books you want to get to in 2020!

For each month, print out the page and plan out the goals you want to achieve, organize the list of books that help you reach that goal and track the ones you finish while keeping notes on items you want to follow up on or revisit another time.

Hopefully this quick tracking guide will help you reach your goals! For more information or to track goals together, join me at [adventuresinlit.com](https://adventuresinlit.com) or on instagram @adventurenlit
